THE  
PRESIDENT'S  
CORNER

Bill Williams

I finally have been able to make the Florida trip I had been looking forward to for several months. On the way, I visited with Pat Heckard in Alachua. Then had an enjoyable meeting with C. R. Clark, John Henry, John Stribhei and Lee Woodbury in St. Petersburg. Unfortunately, was not able to contact Mrs. White in Tampa. While visiting friends in Punta Goarda, I talked with Chester Roberts in Arcadia.

At this writing I am getting ready to leave Key West, and hope to be able to contact more Florida members on my way home. (Before this got mailed, I made it

to Miami where I talked with Richard Cassity. Learned that he is a brother-in-law of Fred Lynch, one of my Oak Ridge friends and NSCA member.. small world, isn't it?).

Since this is the last issue of SCRIP TALK before the May meeting in Beckley, WV, this is the last opportunity for me to encourage you to attend. In addition to the opportunity to meet old friends and make new trades, you'll also have the chance to make new friends. Anyway you look at it, you should have another enjoyable experience.

The business meeting on Saturday, May 3rd should be interesting. We plan to talk about non-profit incorporation for NSCA, to present a draft of a proposed Code of Ethics and to discuss progress of the revised edition of the Edkins Catalogue. We will also be presenting the ANCIL DONOHUE trophy for the best article in SCRIP TALK during the past year.

Another highlight of the meeting will be the award presentation to the member who has signed up the most new members during the past year. Elsewhere in this issue Walter will be giving the current standings. This, however, does not necessarily mean that the ultimate winner will be the current leader if someone else would want it badly enough!!

One final note - many of you have signed one but less than five new members since May of 1978. Although we have stated on several occasions that you can get a FREE copy of the Edkins' Catalogue when you sign up a total of five new members, a lot of you still have only one, two or three new members. I would urge you to get to work and round out the five members before the May meeting because the FREE book deal expires at that time !!

Also, we have another good deal, in that for only \$16.00, a new member can obtain both and Edkins' Catalogue and one year's membership in NSCA. So, sign up that new member and sell him or her a book for a total of \$16.00. This saves the member \$3.00 and gets you another credit on your FREE book deal. In this way we all benefit !!

See you in Beckley.....

"QUESTIONS AND ANSWERS"

Address all mail for this feature to:

TOM HITT, Box 970, Defiance, Ohio 43512

I have just finished some deep thinking and complained to myself that I wasn't getting a fair shake on this answering deal with NO pile of letters coming into the mail box. The problem might be that I was not stirring up enough thought about collecting !! Put some of these comments on file and try NOT to write...

CARTER BROS. FAYETTEVILLE, W.VA. (Edkins' WV 997A5-100)

- a. Is not listed in Dodrill's book.
- b. Listed in 1909-19 Bradstreets as "Firm's name..G.S..Furniture, Clothing, Feed"
- c. I suggest that this be dropped from coal list as no direct connection... \$2.00 to anyone who can furnish concrete proof before next column.

FRANKFORD STORE CO. (Edkins' WV1059A50)

- a. Not listed in Dodrill.
- b. 1919 Bradstreet shows same company, at same place as a Milling Company.
- c. Suggest removal from coal list !! Earn another \$2.00 by sending me some proof !!

KANES CREEK SUPPLY CO., Kanes Creek, W.Va. (WV1473A series)

- a. I would like to talk to the person that sent this series to Edkins for the first book!! \$5.00 to anyone that can verify this is coal and NOT lumber !!
- b. Unless the second edition is going to list lumber also - reject this series !!

THE BIG STORE, Sistersville, W.Va. (WV2595A5)

- a. Ever wonder why you never found other denominations for this SALOON?? (1912-13 W.Va. Gazetteer)
- b. Not in Dodrill either?
- c. Suggest that saloons not be put in second edition.

F. D. COLEBANK, Hartland, W.Va. (WV1245A series)

- a. Not listed in Dodrill.
- b. Listed in 1919-22-32 Bradstreets as a GARAGE/G.S.
- c. I hope someone can furnish information to me about this, perhaps it is coal, but you will have to convince me.

ETHICS AND NEW FINDS:

*Any collector ever buy a token from another collector and know that the token was 'scarce', 'rare', surely R-10, etc. according to the seller (or trader), BUT, you find that the same token is still being sold or traded by the same person a year or so later?? You are being deceived and lied to, my friend!! I would demand my money or trade back!! Now, if the person (collector) told you how many were available and you still traded or bought, then this is a fair transaction. This problem has two parts: (1) Demand to know (get a specific count or number of each denomination) what is available and remember who and what you did to get it. (2) If you can't get a fair shake, reply or trade - spread the word around. This might help.*

HOBBY PROTECTION ACT: Anyone who wants a copy of the HOBBY PROTECTION ACT can send a SASE (self-addressed stamped envelope) and I will forward a copy.

Anyone that offers reproductions, fakes, fantasies, restrikes, etc. for sale that do not conform to these regulations of the Hobby Act is seriously putting his collection in jeopardy. The NSCA organization and members may be liable for damages as regards the selling of reproductions in the mail auctions and allowing such items to be sold at club meetings or allowing such members to do so. This matter should be discussed at the next meeting and brought to the attention of all members by mail. Selling this material is a serious matter. SCRIPNOTES

BY: HAROLD LEE, 112 Wilson Ave., Morgantown, West Va. 26505

Recently, Scriptor Richard Coy and I visited with Mr. Lewis Pellegrin to talk about scrip that he had used during his many years of owning and managing company stores.

Mr. Pellegrin relates his first experience with scrip was in his father's store located in Monongah, West Va. The store was in independent grocery store and was not associated with any coal company. The store used PHILLIP PELLEGRINI'S name and was established about 1889. The only scrip Mr. Pellegrin knows of with his father's name is a round 5¢ and an oval 10¢ piece.

BUNKER SUPPLY COMPANY, located near Cassville, was the first coal company store that Mr. Pellegrin owned. The coal company that BUNKER SUPPLY COMPANY served was the DAVIS-WILSON COAL CO. and the mine was the BUNKER MINE. The owner of the coal company, Mr. R. M. Davis, and Lewis Pellegrin struggled through the depression years, working together to keep both the mine operating and the store solvent.

During the second world war years, DAVIS-WILSON COAL CO. became the largest independent producer of coal in West Virginia. The company not only owned the BUNKER MINE but also owned the LOUISE MINE located at Chaplin, West Va.

Although Mr. R. M. Davis was not in the 'store' business, he used CHAPLIN SUPPLY COMPANY to serve his employees. (CHAPLIN SUPPLY COMPANY was owned by Mr. Joseph Angotti).

When DAVIS-WILSON COAL COMPANY sold out to CONSOLIDATION COAL COMPANY, Mr. Pellegrin closed the BUNKER SUPPLY COMPANY and with Mr. Mike Gill, purchased the EDNA GAS COAL COMPANY store in Brady, West Va. Mr. Pellegrin managed the store and served the employees of the JAMISON COAL AND COKE COMPANY. (Offices were located in Greensburg, Pa.) Incidentally, Mr. Mike Gill was Sheriff of Monongalia County during their partnership.

Dick Coy found a small "Z" counterstamp on NATIONAL VICTORY SUPPLY scrip (5¢ and 10¢ pieces) that was used by GILL AND PELLEGRIN in their store at Brady, West Va. When questioned, Mr. Pellegrin was unable to associate the "Z" with any of his transactions. We are hopeful he will think about it and remember its purpose.

As previously reported, the "B" counterstamp on NATIONAL VICTORY SUPPLY scrip was used at the BUNKER SUPPLY store when scrip became scarce. The "G" and the "5" counterstamps were used at the EDNA GAS store that had been renamed the GILL AND PELLEGRIN SUPPLY CO. The "5" was used first on the EDNA GAS COAL CO. \$1.00 and later, when the smaller denominations became scarce. NATIONAL VICTORY SUPPLY 5¢ and 10¢ pieces were counterstamped with a "G" for Gill.

I believe the GILL AND PELLEGRIN SUPPLY COMPANY should be listed in our coal company store list. Even though they did not have scrip with their company name and used counterstamped tokens, they did serve coal miners working at EDNA GAS COAL COMPANY.

Mr. Lewis Pellegrin lives in Morgantown, West Va. at 252 Park Street.

SCRIPOLGY - A NEW FEATURE

FOR "SCRIP TALK" BY:

CHARLES ROSS, BOX 491, SPENCER,  
WEST VA. 25276

Many favorable comments were received on the initial run of the material by Scriptor Charles Ross. A second installment is being run in this bulletin and will be continued until the total of 40 pages is complete....

Please note that the common sets and the rare and scarce material are not listed...

The common is items that were listed ten or more times and can be determined by the low rarity numbers in Edkins... The scarce and rare material that has never appeared in a mail sale can also be determined by a high rarity number in Edkins. Many collectors have indicated that they are making notes in their catalogs and listing books so that they will have a current price guide on the various company listings... Rarity values have certainly changed since the Edkins catalog and these changes will be reflected in the next edition. In the meantime, the Ross figures will give you good reference material !

(You might want to note these listings in your reference books!).... Too, in event you did not know, Betty Jensen is recovering from very serious surgery and would certainly appreciate a card from you.... Many know that she has served as hostess at some of our NSCA conventions... Why not drop her a card at: P. O. Box 271, Ft. Thomas, Ky. 41075... Several scriptors have indicated that they plan to attend the big Token Show in Chicago on March 29 & 30, 1980 being sponsored by Scriptors Paul Cunningham and Rich Hartzog... SCRIPTOR CLAUDE TRAVIS notes that a regional scrip event will be held at Lake Malone Inn in Western Kentucky on Sunday, April 13th. Members close by might want to attend this event. The inn is located at Dunmor, Kentucky - Phone 502/657/2121... Might be additional info on this in this bulletin.... Approx. a dozen NSCA members attended the mini-meeting in Fayetteville in February and some good swaps and trades were completed.... At the coin show in Charleston on February 23rd, we could have had a NSCA meeting - I saw among others, Snodgrass, Chappo, Overton, Miller, Nicholls, Bumgardner, Matheny, Colley, Hall, and possibly others... Incidentally, the coin dealers with tables were mostly busy with silver purchases and some didn't even have coins displayed... it was a regular circus to watch all of the transactions being made.... It is my personal thought that more and more people will be turning to token collecting due to the great increase in coin prices.... Certainly our ranks should grow as people come to know the great hobby of coal, lumber and manufacturing token collecting !! Are YOU doing anything to acquaint people with our hobby ?? ....SCRIPTOR JAMES COOPER, 2713 Cumberland Ave., Middlesboro, Ky. 40965, has a new listing with fixed prices on complete and partial sets... Drop him a note!! Better be making your plans NOW for Beckley, West Va. on Friday and Saturday - May 2 and 3 .... It promises to be a good one !! More later as time and space permits.....

NOTE: This initial sampling of the sale results should provide both the new collector and the veteran with much valuable info. As previously noted, the very common material has not been listed and many of the known very rare and unique one and two known company pieces have not appeared in any sale!! Many collectors are recording this information in their reference books and check lists so that (in addition to Edkins' rarity listings) they will have information on how to bid in mail sale listings !!

DOUGLAS CO., The, Douglas, WV - One 1¢ pc and two 5¢ pcs have been sold at \$1.45 to \$4.10. A Michigan lumber collector had a set several years ago. It consisted of 1,5,10,25,50,\$1, \$1. I got it for 15 rare lumber tokens. I know of no other sets.

EARLSTON COAL CO., Kermit, WV - I agree with Don's R-8 rating for the 1¢ pc. I do not agree with R-6 on the \$1. When Ancil and I went to the flea market he usually took one to two hundred \$1 pcs. He once told me that he had 800 of them. I don't know what happened to them. Sets of Earlston are getting scarce! New collectors should get a set while they are selling for around \$20. They will go higher !!

I am making no comments on a lot of seemingly rare scrip that has been sold. A lot of it is rare but there is no point in commenting on everything. You probably know this already as you search for tough pieces.

EDNA GAS COAL CO. - 19 listings - 4 sets sold (1972) \$10. LP - (1978) \$22.10 HP. Another company that is getting hard to locate (in sets). 1,5,10¢ are keys on this one!

ELKHORN PINEY (Various locations) - Ed James had a set. I do not know if it was all from one location or not. Sold (1972) \$27.50. All Elkhorn Piney seems scarce to rare. A few, mostly 25¢ and under, have appeared from various locations. My combined total of listings is 9. (Stanaford and Weeksbury extremely tough. Set of Powellton known!).

KIRK MERCANTILE CO., Beech Creek, Ky. - 9 listings 04'39 set 4 sets sold \$8.60 to \$21.05. White medal set: 2 sets sold (James) \$9.00 and a set with \$5 pc sold for \$16.05 (1978). Neither set too hard when I started collecting. Like many others, it is now difficult to locate a set.

KOPPERS STORES, INC. - Several sets of the parens cut type ( ) sold. Most collectors probably have the counterfeit dollar. It is very deceptive. After checking Edkins' book, I found that mine is counterfeit. The set with KS cut, on the other hand, is a nice set. 7 sets sold (James) \$6.00 to HP \$21.60.

K. S. CO., Hillside Store - 8 listings. 25,50,\$1 have appeared. NB (1974) for the three pcs to \$10.00 (1976) for the three.

LICK FORK COLLIERIES, Lick Fork, WV - 1 listing (1976) 5c br sld unk mfg \$12.00. (Ed. note: As previously indicated, price on some of these single pieces gives you a good indicator of the price of a set - if one would show - or an approximate price that you can safely pay for individual pieces!).

LILLY & HORN BROOK - Although rated about equal in rarity, the ORCO type is far scarcer than the MM type. (Ed note: I agree and note that NO 50c or \$1 was made in either type. A 5 thru 25c gives you a full set on this company.)

# TOKEN AND MEDAL SOCIETY

Those NSCA members who are also members of TAMS are urged to vote in the coming election !! You will be receiving a ballot in a few weeks in the mail !!

Your Secretary is a candidate again for the TAMS Board of Governors.. It is his thought that NSCA should have strong representation on the TAMS board.. Too, a number of other NSCA members are also active in TAMS and would appreciate your vote.. While the official nominees have not been announced, Paul Cunningham, Dave Schenkman, Rich Hartzog, Ben Odesser (members of NSCA) will probably be candidates !!

Incidentally, the TAMS meeting this year will be held in Cincinnati, Ohio as a part of the ANA (American Numismatic Assoc.) convention in August. This will be close to West Virginia, Kentucky and Tennessee where the majority of our NSCA members live. It would be a rewarding trip for you if you can make it !! Too, if you are interested in TAMS membership, drop me an SASE and a blank will be mailed to you promptly !!

## "FLORIDA TRADE TOKENS"

by  
C. R. Clark

This hardback catalogue has 287 pages. Pictures are integrated with the stories and descriptions of about 2,800 Florida trade tokens. Hundreds of these tokens were used at lumber, turpentine, crate, and other company commissaries. The maverick list should help with the attribution of Ingle and other "system" scrip, lumber, and lumber-related tokens used in all areas of Florida. While the list of Florida's known commissary tokens is helpful to serious scrip collectors, the book has much more. It covers a period from the 1880's to 1979...from the old post exchange and other military tokens, to the modern food stamp change tokens.

Price: \$15.00, Postpaid

(Florida residents should add a 4% sales tax of 60¢.)

FLASH !! Just as we were preparing to make the final 'wrap-up' on this edition of the bulletin, I received a phone call from Arlie Slabaugh in Pennsylvania. Arlie is making plans to attend his first NSCA Convention and will either fly to Beckley or Charleston and be with us ! As most of you are aware, Arlie is the President of TAMS (Token and Medal Society) for the current year. In addition, he was the one who encouraged me to work on a scrip catalog many years ago. He cautioned me at the time that I should take plenty of time to assemble the material and I did not realize the importance of his suggestion at that time due to my desire to hurry the feeble catalog effort. Too, he was a valuable advisor for Don Edkins on the present catalog and his article from the TAMS Journal was reprinted in the Edkins' catalog. I have known Arlie for several years through correspondence and through our meetings each year at TAMS. He is the author of many numismatic publications and is currently employed by The Franklin Mint. I know that every NSCA member will join me in giving President Arlie a great Scriptor welcome to Beckley in May.
